

MAKING GROUPS STRONGER

Here are some tips you can use to make your Groups stronger

- ❖ **EVERY MEMBER** should have a job in the group to keep the group going and growing. Jobs should change every year or two so that members learn new jobs.
- ❖ Keep an updated list of members that includes current contact info (address, phone numbers, email, etc.)
- ❖ Send out meeting reminders **BEFORE** every meeting
- ❖ Make phone calls to every member in-between meetings
- ❖ Have treats at **EVERY** meeting!
- ❖ **DO SOMETHING** – tackle a project – groups get stronger when they have something to do together as a group
- ❖ If you are a “serious group,” have fun – have a party every now and again! Likewise, if you are if your group is a “social group,” take on a serious community project to see if you can make a difference.
